Sleep On It

Chaka Khan

(We've got to)
Sleep on it
Everything is gonna be alright
If we just sleep on it
Everything is gonna be alright
Tonight there will be no more quarreling
We'll shut out the lights, close our eyes
I don't know how this started
I don't know why we fight
I'll apologize for all the unkind things
I said to you
Why can't I see what's right for me
Might not be right for you
(We've got to)
Sleep on it
Everything is gonna be alright
If we just sleep on it
Everything is gonna be alright
People are gonna think
What they what to think
Feel what they want to feel
I don't wanna see you cry
I don't wanna see you compromise
The things that shine
The brightest in your eyes
Hold on to your dreams
Hold on to them tight
