

# Ma and Pa

## Fishbone

There once was a ma that wanted her  
There once was a pa that wanted her

I know shes confused, shes my blood sister  
She told me the blues as she start to shiver  
Only a child in the middle of a war  
Shes a problem child now because of a divorce

Hey ma and pa  
What the hell is wrong with yall  
Hey ma and pa  
What the hell is wrong with yall

Well theres a lot of money  
For all the attorneys

Its just not a fight for child custody  
cause ma and pas revenge  
Is making little sister bleed  
Fussin and fightin through a family life  
Make her wanna take drugs and be out of line

Hey ma and pa  
What the hell is wrong with yall  
Hey ma and pa  
What the hell is wrong with yall

Fighting for love on an angels feather  
Why dont yall get your shit together

Well its three the hard way  
Doin it the wrong way  
Ma hates pa, pa hates ma  
Little sister say  
What the hey!

Well theres an evil streak there  
With a righteous leak I fear

Thats why a child goes astray

To live a life another day  
Mom and pop in a family fury  
Brother tried to say little sister, dont worry.

Hey ma and pa  
What the hells wrong with yall  
Hey ma and pa  
What the hells wrong with yall  
Hey ma and pa  
Whyd the family rise and fall  
Hey ma and pa

Well its three the hard way  
Doin it the wrong way  
Ma hates pa, pa hates ma  
Little sister say  
What the hey!

Hey ma and pa  
What the hells wrong with yall  
Hey ma and pa  
What the hells wrong with yall  
Hey ma and pa  
What the hells wrong with yall  
Fighting for love on an angels feather  
Why dont yall get your shit together
