# Dance for Me

## Javier

Let me play you something to make you keep your body moving
Winding, keeping my attention
Girl, if I keep playing, will you keep doing what you doing?
Ooh, wee, so much more than sexyShe's inspiration
Every twist of your waist
YeahMakes the chord that I play
Change
Like you're controlling me
StrangeEffectuation
Started to kick in
I wanna strum you
Like this guitar in my handsBut for now I
Wanna watch you dance for me
'Cause you know you're gonna wind up
Coming home with me but for now, babyWanna watch you dance for me
Dance for me, just for me
Later we'll be making love
But for now, girl just dance for meLet me play you something, yeah
Dancing, keep you wanting
This here strumming, stroking
ImaginationWhen we take this to the crib
Let the music take your inhibition
Willfully
But now just dance for meShe's inspiration
Every twist of your waist
UhMakes the chord that I play
Change
Like you're controlling me
StrangeInfatuation
Started to kick in
I wanna strum you
Like this guitar in my handsBut for now I
Wanna watch you dance for me
'Cause you know you're gonna wind up
Coming home with me but for now, babyWanna watch you dance for me
Dance for me, just for me
Later we'll be making love
But for now, girl just dance for meIt's so
Hard to concentrate

And girl, you're making it hard for me
I can't take my eyes awaySenorita, like to meet ya
Baby, after I'm through
You'll know what I wanna do
Later onI wanna watch you
Dance for me
'Cause you know you're gonna wind up
Coming home with me but for now, babyWanna watch you dance for me
Dance for me, just for me
Later we'll be making love
But for now, girl just dance for meWanna watch you dance for me
'Cause you know you're gonna wind up
Coming home with me but for now, babyWanna watch you dance for me
Dance for me, just for me
Later we'll be making love
But for now, girl just dance for meI wanna strum you this guitar in my handsBut for now I
Wanna watch you dance for me
'Cause you know you're gonna wind up
Coming home with me but for now, baby
Dance for me
