# Act Like You Know

## Dismasters

Big Will an' Tra-Knox
Yo, yo, yo, yo
Jump, move, when I tell you make your way up to the front
Addicted to the way I kick it, I know what you want
The Don Jiggy caterin' to what your feelin'
Pack it from the floor, up to the ceilin'
Shake, what ya momma gave you, baby, don't let nothin' break
Yo, watch 'cause we don't care how much time it's gonna take
Dance floor packed an' it's lookin' like a lake
It's obduction, here's your instructions
Slide, get up off that wall, girl, stop tryin' to hide
Trackin' aphrodisiac won't be denied
Chill with that cigarette, take it outside
Messin' with my vibe, I don't like that
Bounce, I'm a pressure player an' I'm a hit it where it counts
Party like a lamb an' a wolf about to pounce
The Don Jiggy caterin' to what you're feelin'
Pack it from the floor to the ceilin', come on
Bring it all or nothin', ain't no time for frontin'
Come on, just let it flow, jump on, act like you know
The only floor is jumpin', ooh, these girls are somethin'
Come on, just let it flow, jump on, act like you know
I called Jazzy Jeff on the phone
I said, "I'm downstairs waitin', joka, come on"
I told him there's this hot spot we gotta burn
He said, "Man, after last weekend haven't you learned?"
Yo, look here buddy, last weekend was a mistake
That mommy tryin' to dish out what she couldn't take
Come back at me dancin' wild like this thing is a game
One little move on her an' she burst into flames
The whole club runnin' tryin' to ruin my night
I told her roll around a little, she'll be aight
Then everybody mad at me, all up in my face
Somebody should've told that girl to stay in her place
You feel a little heat, baby girl, I'm behind ya
An' hopefully your burnt Gucci dress will remind ya
Of how serious I am, maybe it's crazy y'all
But if you wanna play, honey, go get a baby doll, holla at me

Bring it all or nothin', ain't no time for frontin'
Come on, just let it flow, jump on, act like you know
The only floor is jumpin', ooh, these girls are somethin'
Come on, just let it flow, jump on, act like you know
Check an' make sure I'm lookin' cute for her
Check an' make sure I'm packin' lute for her
'Cause I'm about to shut down the bar for her
An' later open up my car door for her
7 PM, I leave the set an' then
No more actin' back to rappin' again
Red carpet, hectic, gettin' me in
What happened last week, sure it could happen again
Mos Def, full funk, when ya [Incomprehensible] at the front
Lookin' like a jet magazine beauty of the month
Shades on, layin', leggy low on the cut
Told myself you're the one to shake it up with
Bounce, over to your table, came completely unannounced
Observe the curves, body fat, about an ounce
Hormones pumpin' out at dangerous amounts
Grabbed ya arm, turn around, girl
Jump, move, when I tell ya make your move up to the front
Addicted to the way I kick it, I know what ya want
The Don Jiggy caterin' to what you're feelin'
Pack it from the floor up to the ceilin', come on
Bring it all or nothin', ain't no time for frontin'
Come on, just let it flow, jump on, act like you know
The only floor is jumpin', ooh, these girls are somethin'
Come on, just let it flow, jump on, act like you know
Bring it all or nothin', ain't no time for frontin'
Come on, just let it flow, jump on, act like you know
The only floor is jumpin', ooh, these girls are somethin'
Come on, just let it flow, jump on, act like you know
Come on, jump on, the only floor is jumpin'
Come on, just let it flow, jump on, act like you know
Big Will, Tra-Knox, foundation laid to the rock, y'all
One time, we out, what?
