You Don't Know

Leon Bridges

You don't know, the things that you do to me
Time moves slower, when I'm in your galaxyStop thinkin' it over, you might change your mind
Pull you little closer, one step at a time
Hangin' on your words, I don't care if they're liesYou don't know that you got me feeling like
Oh baby, ah baby, oh baby
Ohh ya got me feeling like
Oh baby, ah baby, oh baby
Ohh ya got me feeling likeYou don't know but it's right in front of me
You ain't got to play it cool baby
Find that fire set it free
Stop thinkin' it over, you might change your mind
Pull you little closer, one step at a time
Hangin' on your words, I don't care if they're lies
You don't know that you got me feeling likeOh baby, ah baby, oh baby
Ohh ya got me feeling like
Oh baby, ah baby, oh baby
Ohh ya got me feeling likeAny time, any place, anywhere, you wake up
Any time, any place, anywhere, you wake up
Any time, any place, anywhere, you wake up
Any time, any place, anywhere, you wake up
You don't know that you got me feeling likeOh baby, ah baby, oh baby
Ohh ya got me feeling like
Oh baby, ah baby, oh baby
Ohh ya got me feeling like
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
Can you tell me when you give to me
