

Who's That Coming?

Rory Gallagher

Tell me who's that coming
Not walking or running
Cool as the mountain breezeWell, that song she's humming
Could make my guitar start strumming
AutomaticallyTell me who's that speaking
Make my heart start beating
Really wanna make it poundWell, those words she's saying
Could make even the devil start praying
On his knees down upon the groundShe's always had just what it took
To read me like I was an open book
There's something burning deep inside of me
And she's the only one who can set me freeTell me who's that coming
Not hitching or thumbing
Looking straight at meWell, I sure am gunning
You know she's the one
And I guess she'll always beWell, tell me who's that coming
Not walking but running
Cool as the mountain breezeWell, that song she's humming
Could make this guitar start strumming
AutomaticallyShe's always had just what it took
To read me like I was an open book
There's something burning deep inside of me
And she's the only one who can set me free
