Love Me a Little Bit Longer

Heather Myles

Found your note you left out on the table.
"Workin' late again, don't wait up for me."
We don't spend time together like we used to.
An' I'm tired of wakin' up in misery.
When you love me, love me just a little bit longer.
When you hold me, hold me tight and don't let go.
When you kiss me, kiss me like there's no tomorrow.
Everything, everything'll be all right.We can't build out lives on separate highways.
Payin' for the things we can't afford.
Now it might take some time to make it better,
But we've been down some bad road before.But if you love me, love me just a little bit longer.
When you hold me, hold me tight and don't let go.
When you kiss me, kiss me like there's no tomorrow.
Everything, everything'll be all right.Instrumental break.When you love me, love me just a little bit longer.
When you hold me, hold me tight and don't let go.
When you kiss me, kiss me like there's no tomorrow.
Everything, everything'll be all right.Oh, no now baby, everything, everything will be all right.
