Anymore

Johnny Ace; Johnny Otis Band

I'm drowned out like I'm supposed to be
Nobody doubts you sanctity
I'm not alone, but I'm supposed to be
And so I doubt your faith in me
Chorus:
This isn't real. I can not feel. I do not want.
Anymore
I am alive, but it's not mine. I do not want.
Anymore
If all I say turns to be true
And everything comes back to you
Then everything inside me figures out what I'm supposed to be
I shout out. nobody's listening

And they don't care. believe in me
You're all cried out like you had asked to be
You're all alone, no sympathy
Chorus
Anymore (x4)
She bows down, persuasive to the skin
Both touch and taste pass into me
They're not alone
Sometimes I wish you're me
And then I doubt you'll come to me
Chorus
