Rolling Along

Steve Krenz

Well, I'm rolling along the highway
Living the life I'm used to
I thought about you all the way
From Little Rock to HoustonAnd now I can't seem to get you off my mind
But you're tied to somebody else
I think about you all the time
And I just can't help myselfSometimes I don't know right from wrong
I find it easy to fall
It's hard when I been up all night long
That's when I want you most of allWell, I'd love to see your smiling face
If I could take just one last look
But you left me just one last trace
On the pages of your bookBut words can't hold me every night
And words can't kiss me in the morning
Look out, honey, I got love in my heart
And it's growing and it's burningSometimes I don't know right from wrong
I find it easy to fall
It's hard when I been up all night long
That's when I want you most of allWell, I'm rolling along the highway
Living the life I'm used to
I thought about you all the way
From Little Rock to HoustonAnd now I can't seem to get you off my mind
But you're tied to somebody else
I think about you all the time
And I just can't help myselfSometimes I don't know right from wrong
I find it easy to fall
It's hard when I been up all night long
That's when I want you most of allSometimes I don't know right from wrong
I find it easy to fall
It's hard when I been up all night long
That's when I want you most of all
That's when I want you most of all
