Bubble Burst

I've been around and around
But I got nowhere to go now
But the funny thing is
That when I'm gone, I'll kill youWhen I tell you
I don't want you hoo-hooI've been around and around
But I got nowhere to go now
But the funny thing is
That when I'm gone, I'll kill youWhen I tell you
I don't want you hoo-hooHoo, yeah
Hoo, yeah
Hoo, yeahI've been around and around
But I got nowhere to go now
But the funny thing is
That when I'm gone, I'll kill youWhen I tell you
When I tell you, oh yeah
When I tell you
I don't want you hoo-hoo
