Smile

The Royal Concept

ell I can not shake her no
The world keeps turning
My heart it keeps on burning
And I know where to find her,
Just wanna see her smile againThe night keeps falling
Her voice it keeps on calling'
We all get --
And hold on 'till tomorrow
'Cause the world keeps turning
And I will keep on learning
And I know where to find her
Just wanna see her smile againYou know my blues can't wake her,
My heart it can not break her
Now I --
'Cause hell I can not shake her no
The world keeps turning
My heart it keeps on burning
And I know where to find her,
Just wanna see her smile again
