

Southern Smile

Brad Nailer

capo +2 A D E

1.

Youâ€™re so finger licking good
You kiss me and Iâ€™m sporting wood
I lap it up like a lap dog should
When you drop trou
Set that southern smile up on my face
Damn I love the way you taste
I canâ€™t get enough of your cute little Southern smile

Chorus

Southern smile, Southern smile
Baby Iâ€™d crawl a country mile
Just to see you flash that
Little Southern smile
Southern smile, Southern smile
Can I linger for a while
And lose myself inside your Southern smile

2.

Iâ€™m about as happy as a man can get
Down on your muffin all warm and wet
Rubbin that nubbin just like a good boy should
Youâ€™re favorite number is sixty nine
You like to do it all the time
Youâ€™re so finger licking, finger licking good

(Chorus)
