When We Dance

Ryan Leslie

[chorus]
you gone love it when we dance tonight
so cmon sugar put your pretty hands on mine
cuz anyway you like it, i can blow your mind
and you gone love it when we dance tonight [r-les][uh] lets take it to the top right now
[uh] turn your body upside down
[uh] just watch it when the lights go down
cuz you'll be reaching out for meee [take it down]i checked into the right hotel
i know your body type so well
and what we do tonight, dont tell
just keep it between you and me, yeah[bridge]
we can kiss and whisper
make a wish as this goes down
im a real good listener
so tell me how, you want it now [you gone love it girl][chorus] [2x]
you gone love it when we dance tonight
so cmon sugar put your pretty hands on mine
cuz anyway you like it, i can blow your mind
and you gone love it when we dance tonight[uh] its over when you breathe like that
[uh] didnt know that you could tease like that
[you] your feet between yah knees like that
whenever your dancing with meee[uh huh] i wanna make the rain come down
[uh] so loud, everybody can hear the sound
[uh] your screaming like a bad girl now
ill show you how, i bring it ouut[bridge]
we can kiss and whisper
make a wish as this goes down
im a real good listener
so tell me how, you want it now[chorus] [2x]
you gone love it when we dance tonight
so cmon sugar put your pretty hands on mine
cuz anyway you like it, i can blow your mind
and you gone love it when we dance tonightleft right up and down
rock it to the beat now
---
we be in the dark
making that sweet sound
---
please dont hesitate

baby come closer [baby come closer]
---
cuz you like the way i move it
and you... ??[chorus] [2x]
you gone love it when we dance tonight
so cmon sugar put your pretty hands on mine
cuz anyway you like it, i can blow your mind
and you gone love it when we dance tonight
