Say Goodbye

Jordan Knight

YeahIve been so lost lately
I dont really understand baby
Where did I go wrong
I wanna talk to you, please callWhere do I begin with you
After all that weve been through
I dont think that it would be right if we
Got together so suddenlyI wish that I could take back
All of the things that I said
And replace them with simply
'I love you' insteadYou dont wanna say goodbye
But you never really seem like you wanna try
But I only wanted you to stay
And then I let you just slip awayIf you didnt listen to your heart inside
Then it really doesnt matter what was on your mind
And if you need me then tell me why
Girl, I never meant to say goodbye, oh, yeah, yeahI think about the past baby
Why we couldnt make it last, lady
I know you still have doubts
But Im gonna prove that we can work things outI wanna be sure that you
Know what you put me through
And reveal that you intend
To never let me down againIts clear to me and I cant ignore
That I have to give you something I couldnt beforeYou dont wanna say goodbye
But you never really seem like you wanna try
But I only wanted you to stay
And then I let you just slip awayIf you didnt listen to your heart inside
Then it really doesnt matter what was on your mind
And if you need me then tell me why
Girl, I never meant to say goodbyeI didnt think that we would come to this, ooh, no
Your eyes, your face, your smile is what I miss
Why did you wait so long to take me back
Its all a simple misunderstandingYou dont wanna say goodbye
But you never really seem like you wanna try
But I only wanted you to stay
And then I let you just slip awayIf you didnt listen to your heart inside
Then it really doesnt matter what was on your mind
And if you need me then tell me whyYou dont wanna say goodbye
But you never really seem like you wanna try
But I only wanted you to stay

And then I let you just slip awayIf you didnt listen to your heart inside
Then it really doesnt matter what was on your mind
And if you need me then tell me why
Girl, I never meant to say goodbye
