

# What's So

John Paul White

Hole in the road  
Sun on your back  
Shoulder the load  
Your ancestors passed  
Wear on your sleeve  
The virtues you lack But don't get above your raising Sell your damn soul  
Or get right with the man  
Keep treading water as long as you can  
But whatever you do  
You must understand That you don't get above your raising  
No you don't get above your raising Cuz it's one for the somber  
And two for the stone  
And three for the ready to get low low low low  
Four for the fortunate few that don't know The difference between what should be  
And what's so Reach for the sky  
Kneel down and pray  
Get in the dirt and  
Get out of the way  
But don't you forget  
'til you climb in that grave  
That you don't get above your raising One for the somber  
Two for the stone  
Three for the ready to get low low low low  
Four for the fortunate few that don't know The difference between what should be  
And what's so One for the somber  
Two for the stone  
Three for the ready to get low low low low  
Four for the fortunate  
Few that don't know The difference between what should be  
And what's so
