Cool Out

Matthew E. White

If you were here now, I wouldn't mind
That would be okay, baby that would be fine
But when you need the debt it'd go awayWalk with me for a while
I need your company, I need your smile
And it wouldn't matter if you cared to stayIt's a heart I should have loved her name
But I figured that you know I'm with yaA suffering that is chosen
A skin to tear me open againBut cool out baby please
No one likes it when you tease any furtherYou know it baby all the things that you do
(Hey, Hey)
I like to think that honey I know them too
Forever alone but baby I do it with style
If you need to go slow I wouldn't care
That would be okay, baby that would be fair
But the love you made it fade, it went awayIt's hard to share the love tonight
But I figured that you know, I'm with yaA suffering that is chosen
A skin to tear me open againBut cool out baby please
No one likes it when you tease any furtherYou know it baby all the things that you do
(Hey, Hey)
I like to think that honey I know them too
Forever alone but baby I do it with styleYou know it baby all the things that you do
(Hey, Hey)
I like to think that honey I know them too
Forever alone but baby I do it with style
You know it baby all the things that you do
(Hey, Hey)
I like to think that honey I know them too
Forever alone but baby I do it with styleYou know it baby all the things that you do
(Hey, Hey)
I like to think that honey I know them too
Forever alone but baby I do it with styleCool out baby
Cool out baby
Cool out babyCool out baby
Cool out baby
Cool out baby
