Life is filled with circumstances, situations
That we cant avoid
And I admit some days can steal my happiness
But I still got joyHey, You are my sunshine
On a rainy day, its gonna be okay
Hey, You are my sunshine
Its gonna be alrightI believe in something bigger than my troubles
They cant keep me down
This sinking feeling starts disappearing on the double
Now that You're aroundHey, You are my sunshine
On a rainy day, yeah, its gonna be okay
Hey, You are my sunshine
Its gonna be alrightI am not afraid to walk into the darkness
'Cause Ive got the light
I've got my problems but I know that Jesus loves me
And thats alrightHey, You are my sunshine
On a rainy day, its gonna be okay
Hey, You are my sunshine
Its gonna be alrightHey, You are my sunshine
On a rainy day, yeah, its gonna be okay
Hey, You are my sunshine
Its gonna be alright
Its gonna be alrightRain, rain go away
Don't come back another day, oh yeah
It's gonna be alright
Rain, rain go away
Don't come back another day
