Baby Doll

Top Cats

Cruisin? down the streets at midnight
Music boppin?, ladies rockin?
Dudes and dudettes all over town

Saw this bird walkin? down the pavement
Traffic stoppin?, fellas droppin?
She just kept walkin? straight on by

And I realised she?s all I?m missin?
I pulled my wheels aside
And with a smile I rolled my window down

Baby doll
You need some rock ?n? roll
You need someone to hold you on a cold and lonesome night
Baby doll doll doll, rock ?n? roll roll roll
Over here, now bring it, bring it over here
Oh, baby doll

Don?t be cruel, don?t leave me hangin?
On a wire, my heart?s on fire
Don?t make me beg now pretty please

Streets look good when you?re in the front seat
Motor runnin?, bird is hummin?
Right here beside me at the wheel

With her by my side nothing?s missing
I turn my wheels ahead
And with a smile I press my right foot down

Baby doll
You need some rock ?n? roll
You need someone to hold you on a cold and lonesome night
Baby doll doll doll, rock ?n? roll roll roll
Over here, now bring it, bring it over here

Baby, my ride is gonna take you high
Straight down Rocky Road and then we?ll hit the sky

Tonight, oh yes tonight

Gonna steer us steady down Lovers Lane
Up to Seventh Heaven and then back again
Up to Seventh Heaven and then back again tonight

Oh baby doll doll doll
Rock ?n? roll roll roll
Over here now, bring it, bring it over here

Baby doll
You need some rock ?n? roll
You need someone to hold you on a cold and lonesome night
Baby doll doll doll, rock ?n? roll roll roll
Over here, now bring it, bring it over here
Oh Baby doll

My baby doll
Oh baby doll
My baby doll
