Hard To Say No

Chromeo

It's hard to say no
It's hard to say no
It's hard to say no
It's hard to say noI'm ashamed to say that I couldn't help myself
This temptation is something else
When you're far away the isolation gets the best of me
It's a recipe I know all to wellAnd I try to vocalise
Exactly what I'm doing wrong
When you're face is filled with tears
'Cause you tried to compromise
But you really can't go on
If you've had it up to hereNow I would always want you
As a lover as a friend
But some days a man needs space in his relationship
It ain't hard to comprehendIt's hard to say no
It's hard to say noI've been around the world and back
I know what you associate with that
I know you have trouble trusting me
But I held my own (but I held my own)
It doesn't take away from the fact
Something changed the minute I came back
I haven't felt the same from not seeing you so longNow I try to rationalise
Exactly what I'm doing wrong
When your face to face with fears
I know you tried to compromise
But you really can't go on
If you've had it up to hereNow I would always want you
As a lover as a friend
But some days a man needs space in his relationship
It ain't hard to comprehendIt's hard to say no
It's hard to say no
It's hard to say no
It's hard to say noNow I would always want you
As a lover as a friend
But some days a man needs space in his relationship
It ain't hard to comprehend
