Bitter Sweet

Downsyde

B-b-b-b-better,
B-b-b-b-better,
B-b-b-b-better,
B-b-b-b-better,
I think I'm better, I think I'm better
I think I'm b-b-b-b-better
I think I'm better, I think I'm better
I think I'm b-b-b-b-better
I can feel your love is real,
But I know that you're making me sick!
Oh, you're serving me, you poison me
And I know that you're making me sick!
I can feel your love is real,
But I know that you're making me sick!
Oh, you're serving me, you poison me
And I know that you're making me sick!
I am like a little a bitter sweet pie!
Filled with love, and also denial,
When you're not around, everything goes down
Everything goes wrong with me!
When you're not around, everything goes down
Why in hell you cannot see?
I can feel your love is real,

But I know that you're making me sick!
Oh, you're serving me, your poison meal,
And I know that you're making me sick! (x2)
I think I'm better, I think I'm better!
I think I'm b-b-b-b-better!
I think I'm better, I think I'm better
I think I'm b-b-b-b-better
With out you, ohh oh ohhhh...
You are like a bitter sweet pie!
But you are filled with cream and a cherry top lie!
When you're not around, everything goes down
Everything goes wrong with me!
When you're not around, everything goes down
Why in hell you cannot see?
I can feel your love is real,

But I know that you're making me sick!
Are you serving me, the boys and me?
And I know that you're making me sick! (x2)
I think I'm better, I think I'm better!
I think I'm b-b-b-b-better!
I think I'm better, I think I'm better
I think I'm b-b-b-b-better
Why don't you...?
