House Of Mirrors

David McCallum

faces in the hallway
cracks up in the ceiling
shadows coming my way
and your house is full of mirrors
echoes in the alleyway
a-footsteps in the hall
and this house if full of mirrors
and your house is full of mirrors
and it's time for you to come and stay
now, it's time for you to find a way
and it's time for you to come and stay
in the house of mirrors
echoes in the alleyway
a-footsteps on the floor
i never thought I'd see the day
but this house if full of memories
is there anybody out there?
i saw it comin' my way
but this house is full of mirrors
in this house of many mirrors
and it's time for you to come and stay
now, it's time for you to find a way

oh and every room and every hall
I've seen your face
and it's time for you to come and stay
in the house of mirrors
(...everyone I know has seen us)
yeah, faces in the hallway
(faces in the hallway)
shadow on the ceiling
(shadow on the ceiling)
this chill is comin' my way
(this chill is comin' my way)
and this house if full of memories
oh, echoes in the alleyway
(echoes in the alleyway)
a-footsteps in the hall
now, love is comin' my way

(now, love is comin' my way)
in this house of many mirrors
oh, in every room, in every hall - I've seen your face
now, it's time for you to come and stay
in the house of mirrors
