How Far

16 Frames

Most of my life
I have spent alone
Most of this past year
I been searchin' for my home
I met a girl
She won't leave my mind alone
If she's listening
I hope she understands my song
It goes, if you get lonely
All you gotta do is call me
And I'll come on run
Wherever you are
No matter how far
Bless my soul
I think I'm fallin' again
I hear my woman
She is callin' me again
If she needs me
I gotta go, she's my best friend

'Cause I promised her
I remember what I said
I said, "If you get lonely
All you gotta do is call me
And I'll come on run
Wherever you are
No matter how far"
Most of this life is such a hard road
To go down, go down
Count your blessings on the good friends
You got hangin' around
It takes two to be friends
It takes two to be lovers
You know you got it made
When you got one that's same as the other
Then you say, if you get lonely
All you gotta do is call me
I come on run
Wherever you are

No matter how far
