No I.D.

Insidead

We got the green to the paper ;
And enough green in the face, yeah!
Jump up, put ya hand in the party.
Jump up, 4:30 in the morning
I'm gone when the drinks are pouring
Shots in my glass of taste and boubin
We can be classy,
We can be nasty
We go hard in the downtown party
You got a problem with me?
Shutchya mouth and party with me
So sideways, don't mind me if we need no I.D.
(Chorus)
No, I got no I.D.
No no, no I got no I.D.
No, I got no I.D.
No no, no I got no I.D.
When there's nobody else,
And there's you and there's me
I don't need
No, I got no I.D.
No no, no I got no I.D.
Open invintation
No identification
Check out this place
It's bouncing off when the base hits
Pick you up, I miss you baby
You got a body like a leading lady
Get a medic 'cause you drive me crazy
No chases, let's get wasted

(Chorus)
No, I got no I.D.
No no, no I got no I.D.
No, I got no I.D.
No no, no I got no I.D.
When there's nobody else,
And there's you and there's me
I don't need

No, I got no I.D.
No no, no I got no I.D.
Tell everybody there's a party so come follow me
It's not that far, we'll raid the bar and we need no I.D.
Tell everybody there's a party so come follow me
It's not that far, we'll raid the bar and we need no I.D.
(Chorus)
No, I got no I.D.
No no, no I got no I.D.
No, I got no I.D.
No no, no I got no I.D.
When there's nobody else,
And there's you and there's me
I don't need
No, I got no I.D.
No no, no I got no I.D.
I got no I.D.
I got no I.D.
When there's nobody else,
And there's you and there's me
I don't need
No, I got no I.D.
No no, no I got no I.D.
