Of Sinners & Saints

Mercury Falling

Define the world at vacancy
The stronger who is right
Define the game
Define the truth
This time is letting you alive
Our opposites are one man to save
You're decoding the game

The devil beneath, the angels above and in between the human loss
Of Sinners and Saints
Of Pleasure and Pain
We are one man made of us
In Heaven and Hell
All along, sure
It's the human state
We are one
Of Sinners and Of Saints

Constructions of the anarchy
Creating yourself
And the systems of duality
You decide what you want to be

The devil beneath, the angels above and in between the human loss
Of Sinners and Saints
Of Pleasure and Pain
We are one man made of us
In Heaven and Hell
All along, sure
It's the human state
We are one
The Sinners and the Saints

(guitar solo)

Of Sinners and Saints
Of Pleasure and Pain
We are one man made of us
Of Heaven and Hell
All along, sure

It's the human state
We are one
The Sinners and the Saints

Of Sinners and Saints
Of Pleasure and Pain
We are one man made of us
In Heaven and Hell
All along, sure
It's the human state
We are one
The Sinners and the Saints
The Sinners and the Saints
(end)
