

# As If We Never Said Goodbye

Alfie Boe

I dont know why Im frightened  
I know my way around here  
The cardboard trees, the painted scenes  
The sound here, yes a world to rediscover  
But Im not in any hurry and I need a moment  
The whispered conversations in overcrowded hallways  
The atmosphere as thrilling here as always  
Feel the early morning madness  
Feel the magic in the making  
Why everythings as if we never said goodbye  
Ive spent so many mornings just trying to resist you  
Im trembling now, you cant know how Ive missed you  
Missed the fairy tail adventures  
In this ever spinning playground  
We were young together  
Im coming out of make up, the lights already burning  
Not long until the cameras will start turning  
And the early morning madness  
And the magic in the making  
Yes, everything's as if we never said goodbye  
I dont want to be alone thats all in the past  
This worlds waited long enough  
Ive come home at last  
And this time will be bigger and brighter than we knew it  
So watch me fly, we all know I can do it  
Could I stop my hand from shaking?  
Has there ever been a moment  
With so much to live for?  
The whispered conversations in overcrowded hallways  
So much to say, not just today but always  
Well have early morning madness  
Well have magic in the making  
Yes, everything's as if we never said goodbye  
Oh, please, dont ever, ever make me say goodbye
