

Marry Me

Yemi Alade

Classic

Alright

Yemi Alade....Poe...Effyzie baby

See ah, i talked to friends, cousins

You guys have said different things

But i could understand one thing from what you guys are telling me

Let me know if i am correct

Ah...see Verse 1. (Poe)

I've met so many babes. Jealous of their friends.

Used to the heartache So they've give up on men

But, what is depressing is the older they're getting.

Whenever they meet a man they're already planing out the wedding

Ha!

See the pressure from their nosy family members

"Bisi when did you last date? I'm trying to remember "

She too would front, like "what difference does it make?"

But she's always at receptions and she catches the bouquet.

Asking me if it's fate. I don't know what to tell her.

She told her pastor she's lonely. He told her to go and pray.

Ah ah! Guy! That's the problem that we face. U want to skip girlfriend and go straight to fiancÃ©

So I pray for my sister, cousins, ex-lovers. This girl. That girl. Even divorced mothers.

May you smile, and toast with some Chardonnay.

I hope I see you when we're spraying on a Saturday."Chorus (Yemi Alade)

See me see Trouble! brother you go Marry Me oh!

See me see trouble! when you go marry me oh?

 Don't call me honey if we will not go for honeymoon
 If you don't pick a date we might not get to date
 Don't get it twisted it's not like I'm desperate
 I just have a life plan and it's getting late
 I want to be a Mrs by the time I'm 28
 Brother John said the Lord said his wife is me
 But that vision is for only his eyes to see
 I want a man that is handsome and God-fearing
 If he can love me with his heart and I'm not sharing
 Chorus (Yemi Alade)
 See me see Trouble! brother you go Marry Me oh!

 Baby I'm loving all the love that u've shown
 Everytime you call me and we talk on the phone
 See man cannot be a boss on his own
 You need somebody to give you support on the throne
 Oh if you ready pop the question then go!
 I'm like what do you mean? She say stop jor you know!
 Are you saying I no fine reach so?
 Emi High Class, ehn, Omo lepa Siringo
 See me and you was just a incident
 We can't be sleeping together because we dream different
 I'm even thinking that you're still decent
 You're irritating, inyama! I'm seeing vincent
 My last boyfriend, it's still recent,
 I was happy and love was a ingredient.
 So for me this dating thing is dead
 He broke my heart, you're repeating all the things he said. Chorus (Yemi Alade)
