Westway

Sticky Fingers

We tiptoed through the sky building castles
And nothing ever bothered us at all
We got dizzy on a staircase and chose to fall
Only to find a lonesome NewtownHow you gonna gonna sleep with your head so high?
You should come with me to the dress up party
Freaks is the theme, and yeah that's my nature
Come let's indulge in outlandish behaviour
I wanna save yaI'm home when you're there
Alone don't compare
I feel, she comes
The westway, the glitter and the slums
The westway, the glitter and the slumsI started all the world wars
The hole up in the sky
Sucked the liquid, 'sposed I'm darker in the light
Now I'm getting down because I'm always feeling fine
The cobblestone streets paved my way through the night
I'm not normalI'm home when you're there
Alone don't compare
I feel, she comes
The westway, the glitter and the slums
I'm here but I'm lost
Wide awake as I stare at the sun
The westway, the glitter and the slums(How you gonna gonna sleep with your head so high?) x2
