Milk-Choc

Kazaky

Let me see your dance
Let me see your face
Let me see your dance
Let me see your face
Let me see your danceThat's my weakness
Let me see your face
That's my wishes
Let me see your danceThat's my weakness
Let me see your face
That's my wishes
Summertime the sun is fine
Let me see your danceIt will be the perfect tan Milk-chocolate ass
Summertime the sun is fine
Let me see your dance
The whole beaches full of face Milk-chocolate faceAnd when the sun is down
Let the night breaking to
Leaving me bound to you
Can't get enough for you
That moment is nowTake me inside of you
And when the sun is down
Let the night breaking to
Leaving me bound to youCan't get enough for you
That moment is now
Take me inside of you
Flying away with you
Diving deep into youFeel the life
Let me see your dance
Summertime the sun is fine
Let me see your face
It will be the perfect tan
Let me see your danceSummertime the sun is fine
Let me see your face
And when the sun is down
Let the night breaking to
Leaving me bound to youCan't get enough for you
That moment is now
Take me inside of you
Flying away with you
Diving deep into you

Feel the life
