Ariel

Babes in Toyland

Live somewhere in between of what
I've meant to be
Pick the bones clean of angelicanteen meat
Carnivaluate the short and tallerate the weak
Stuck 6 feet sheep yr older than you look
Cracked eyes black as soot
Ariel ariella isadore is a door
Isador able to close the sky and holes
In your eyes when you rise when you feel the
Velvet skies you rise
Manifestering stations ailing incarnations
A test of the broadcast emergency at last
Ariel ariella isadore is a door
Isador able to close the sky and holes
In your eyes when you rise when you feel the
Velvet skies you rise
Till you rise I fill you skies
Till you rise I field yr skies
