Buck Naked

Terry Allen

Running naked down the state highway
Runnin naked in the middle of the day
Runnin naked like a tom cat's behind
Runnin naked but the cat don't seem to mindGive me your heart
I give you mine first
Give me your time
I give you my trustBuck naked now
Like when I was born, baby
When will we find out
Why does it take so long?Buck naked now
Buck naked now
Buck naked now
In the eyes of the LordRunning naked like the day when I was born
They're all naked in the land where I come from
I've a long, long way from the great high plains now
We're all naked if you turn us the inside outBuck naked now
We ain't got no clothes
Bare assed for sure
In the eyes of GodNaked in my heart
Naked in my soul
Well, how does it feel
Anybody know?Buck naked now
Buck naked now
Buck naked now
In the eyes of the LordBuck naked now
Buck naked now
Buck naked now
In the eyes of the Lord
