So Good (feat. Fat Joe)

Tina

I got the fever
And nothing can cool me down either
Don't be a hero
Cause trust me I can be a little troubleTurnin' me on
Come on tell me what's it gonna be now
I know they better not
Come knockin' cause you know
we're gonna be a whileMeet me at the exit babe
Tonight we'll make our own party
You're messin' with a certified pro
So don't act like you don't knowPRECHORUS
Light weight
Won't workMight break
Might hurt a little bitDon't run
Just take it
Don't break itCHORUS
Make you feel so
Good, good, good, good, good
Make you feel so
Good, good, good, good, goodCause you're touchin' me like you want itYou need to get up on it
Make me feel so
Good, good, good, good, good
When I'm badVERSE 2
Come on and run my body like a relay
Hope you can keep up
The way I'm throwin' it should be illegal
I know you see why
They keep on lookin' at us while we rock
Don't make me wait
Cause I'm burnin' up so baby don't you be lateMeet me at the exit babeTonight we'll make our own party
You're messin' with a certified pro
So don't act like you don't knowPRECHORUS
Light weight
Won't work
Might break
Might hurt a little bitDon't run
Just take it
Don't break itCHORUS
Make you feel so

Good, good, good, good, good
Make you feel so
Good, good, good, good, goodCause you're touchin' me like you want it
You need to get up on it
Make me feel so
Good, good, good, good, good
When I'm bad
