I Just Wanna Live (Teddy Riley Remix)

Good Charlotte

I need an alarm system in my house
So I know when people are creepin' about
These people are freakin' me outThese days, it's getting hectic everywhere that I go
They won't leave me alone
There's things they all wanna knowI'm paranoid about the people I meet
Why are they talkin' to me
And why can't anyone see?I just wanna live
Don't really care about the things that they say
Don't really care about what happens to meI just wanna live, just wanna live, just wanna live
Just wanna live, just wanna live
Just wanna live, just wanna liveI rock a law suit when I'am goin' to court
A white suit when I'm gettin' divorced
The black suit at the funeral home
And my birthday suit when I'm home aloneTalkin' on the phone got an interview with the rolling stone
They're sayin', "Now you're rich and now you're famous
Fake-ass girls all know your name andLifestyles of the rich and famous
Your first hit, aren't you ashamed?
Of the life, of the life, of the life you're livin"I just wanna live
Don't really care about the things that they say
Don't really care about what happens to me
I just wanna liveStop your messin' around boy better think of your future
Better make some good plans boy
Said every one of my teachersLook out, you better play it safe
You never know what hard times will come your way
We say, where we're comin' from?
We've already seen the worst that this life can bringNow we expect it everywhere that we go
All the things that they say
Yeah, we already knowI just wanna live
Don't really care about the things that they say
Don't really care about what happens to me
(Just wanna live, just wanna live, just wanna live)I just wanna live
(Just wanna live, just wanna live, just wanna live)
I just wanna live
(Just wanna live, just wanna live, just wanna live)Don't really care about the things that they say
(Just wanna live, just wanna live, just wanna live)
Don't really care about what happens to me
I just wanna live
