The Hot for May Sound

Clinton

[Foreign content]In the beginning, impossible demand
Things in the jungle, join in the ranks
It will be audio, fresh green ground
Dividing up the internet, the hot for May soundAdded plus that goes deep, deep down
It don't stop building onto the ark re-entry
The hot for May soundThe super mix from 2 to 6
German elastic, pee pee mathematics
There will be players, so honeycomb
The long and blessed day heat, the hot for May soundTop-knotted trust that goes deep, deep down
De-select the preset, the hot for May soundTo introduce to some and to present to others
Our regular membership of mothers and brothers
As big as Cal State Units, well tended lawns
It's got to be the full percent, the hot for May soundLabor Day is everyday, there'll be no end
Weekend tenements, the hot for May soundWhy should relations think us insane?
Dropping the bomb, the hot for May sound
The whole world over, for we have begun
Cooked to the rook, the hot for May sound
