

I'm Alive

Audio Adrenaline

Sometimes I wake up feeling like I did way back in L.A., yeah
But since I'm from Kentucky that feeling must have been a mistake
The sun is always bright and the skies are always so blue
There must be something bigger that makes me feel like I do
So if you come to the show then I want you to know I'm alive, the moment I let go brought passion to my soul
I'm alive, my heart's been rearranged and never be the same
I'm alive, I'm alive Have you ever longed to take a walk on top of a cloud?
If this feeling was a chemical, I don't think it would be allowed
So if you come to the show or hear it on the radio
We'll rock you, we'll rock you and I want you to know I'm alive, the moment I let go brought passion to my soul
I'm alive, my heart's been rearranged and never be the same
I'm alive, I'm alive I'm alive, the moment I let go brought passion to my soul
I'm alive, my heart's been rearranged and never be the same
I'm alive, the moment I let go brought passion to my soul
I'm alive I'm alive, the moment I let go brought passion to my soul
I'm alive, my heart's been rearranged and never be the same
I'm alive, I'm alive I'm alive, the moment I let go brought passion to my soul
I'm alive
