She Don't Know My Name

Nelly

Let me see your grip
Let me see your grip
Hoo, hoo
Well, well, well yeahThere's this girl and I see her every day
But she don't know my name
And it ain't all that strange to me
'Cause I know hers, and it won't be long
Till she's convinced that I'm her man
The one that's gon' take her awayYo, yo, yo, hey yo it's three in the mornin' and the party's still goin'
Hey bass still knockin', 'Pimp juice' still flowin'
'Tics in the back, you can smell the chronic blowin'
I got girls all around, I got my hef' game goinBaby girl right but her partner got ass
You're the baby girl left but her partner got ass
She got 'em stuffed in them boy shorts covered up with lil' hearts
Her partner got 'em laced, cut right below the waistYou can tell they got taste by they ensemble
One like to salsa, the other the mambo
Why settle for one when I can have the combo?
Why do Cancun when I can go to cabo?They like to work out, and I ain't talkin' taebo
They like fast cars and I ain't talkin' volvos
They both are the devil but they like it diablo
Don't worry got it covered just listen to RonaldThere's this girl and I see her every day
But she don't know my name
And it ain't all that strange to me
'Cause I know hers, and it won't be long
'Til she's convinced that I'm her man
The one that's gon' take her awayHmm, she say them suckers agitate her, told her I'm a regulator
Man I wanna lay down witcha, maybe we can do it later
I ain't got no time to waste, another move I got to make
Cold thang, she ain't even know my nizzameI didn't even have to say it, baby wanna stop and play it
Rewind that, pop and grind that
You'll find that, a woman like yourself can't keep cumin' by yourself
Get in where you fit in, now enjoy yourselfCute bright skin brown skin take me to the mountain
Get you wet like a fountain, then get your counselin'
Have a seat have a drink have a toke, it's a, 'Doggy dog world'
You can have whatever you want or whatever you need
All you got to do it follow my lead, take my hand, and roll with me
And live it up, with a D-O-double-G, lavishlyThere's this girl, and I see her every day
But she don't know my name
And it ain't all that strange to me

'Cause I know hers, and it won't be long
'Til she's convinced that I'm her man
The one that's gon' take her awayHey girl, what's yo' fantasy?
Can I take you home? I want you here with me
Ooh girl you blow my mind, I want to be yo' freak
Let me take you there, to that ecstasy, hooOoh baby, baby
Gotta get you home with me tonight
Oh, oh, oh, oh, ooh , what's your name?
Gotta get you home with me tonight dearThere's this girl, and I see her every day
But she don't know my name
And it ain't all that strange to me
'Cause I know hers, and it won't be long
'Til she's convinced that I'm her man
The one that's gon' take her awayShe don't know my name
She don't know my name
She don't know my name
She don't know my nameYou know, you know
Gotta get you home baby
