

Ciao!

S.P.O.K.

I've been so happy since I walked away
I never thought that I could feel as great as I do today
'Cause you were nothing but a big mistake
And life is wonderful, now that I'm rid of you Oh I must've been crazy to have stayed with you
I can't believe I thought I was in love with you
But now the scales have fallen I can really see
And I say go to hell, 'cause that's where you took me Well, I've felt better since I slammed that door
You always cramped my style, I never noticed before
It's been a non-stop party since I flew the coop
I can't believe I fell for such a loser like you And is it any wonder that I felt so blue
When I was always having to put up with you
Oh, here we go again, just lay the blame on me
Don't say another word, 'cause sweetheart, you're history I know that you miss me really
Bet you wish that you still had me
You'll never find someone like me but
I've got no regrets at all 'Cause I've met this girl and she's so good to me
She's really beautiful, fantastic company
Oh, when I'm with her I realize what love can be
Because she's fifty times the person you will ever be Good luck, mister, do you think I care?
Since you've been gone the offers have been everywhere
I've got a million guys just lining up for me
I've turned a corner, boy, my life is ecstasy Well, I've been in heaven since I walked away
I never thought that I could feel as great as I do today
'Cause you were nothing but a waste of space
And life is wonderful now that I'm over you
