Superjones

HOLLY PALMER

The details of distance and phone bills and kisses
On other girls lipses don't scare me, I don't care
Listen, I glisten, I glow when you call
I'm not small when you call
Without you baby, I am no one at allSecond chances are what this romance is
You can't turn me down 'causeEverybody's got a superjones
Everybody's looking for something
A super high super sly super zone
You can turn me down but I'll keep tryingAnd these other hours of quiet and empty
Before love is ours are wild and wide and turned on their side
Shadows and voices and too many choices
They fill me and kill me 'most every night
Come on home baby I've learned my lesson rightI don't know where you think you're going
You can't turn me down 'causeEverybody's got a superjones
Everybody's looking for something
A super high super sly super zone
You can turn me down but I'll keep tryingSuperjones, superjones
Superjones, superjones
Superjones, superjones
Superjones, superjonesNow maybe you think I'll change my mind
Now maybe you think I'll not have so much time on my hands
But it's you on my hands that I knew on my hands
That I'd find you againBaby, baby don't look so shocked
Now baby, baby don't see the clock behind me
I'm not going nowhere, I'm not going nowhere, noI'm perfectly happy
I'm perfectly happy
I'm perfectly happy
I'm perfectly happy
I'm perfectly happy
I'm perfectly happyI'm perfectly happy
I'm perfectly happy
I'm perfectly happy
I'm perfectly happy
I'm perfectly happy
And you, babe, you are perfect
