Missing

Mint Condition

Every hour of every day
Children come up missingCrazy man who has no rights
Takes the life of young ones
On a weekend pass he asks
"Hey, kid, do you want some candy?"Crazy man proceeds to grasp
Young ones future in his hands
Keeps kids down and drives away
Left the town in dismay, dismayHear me cry
(Me cry)
In the night
(The night)
Someone come
And rescue meThe sun comes up
(Comes up)
No sign of us
(Of us)
And where I'm at
Is a mysteryTeach them now and show them how
So they won't come up missingPeers and pressure go hand in hand
Every day's a moral task
Crazy man won't go away
Till the laws are passed to stay cagedSearch is on for kids at night
With first in mind a child's rights
Bend to one and have no fear
Want everyone to steer clear of hereHear me cry
(Me cry)
Deep in the night
(The night)
Someone come
And rescue me, yeah, yeahThe sun comes up
(Comes up)
No sign of us
(Of us)
And where I'm at
Is a mysteryCrazy man can, crazy
Crazy, crazy, crazy
Crazy man can, crazy
Crazy, crazy, crazy
Crazy, crazy

Crazy, crazy, crazy manHear me cry
(Me cry)
Oh, so deep in the night
(The night)
Someone come
And rescue me, yeahThe sun comes up
(Comes up)
No sign of us
(Of us)
And where I'm at
Is a mystery(Haven't found me yet)
Haven't found me yet
(Haven't found out yet)
Haven't found me yet
Don't give up just yet
(Haven't found me yet)
I'm a mystery come and rescue me
(Don't give up just yet)
Don't give up on me just yet
