Gently

5591

Gently, my mind escapes
Into the relaxing world of pleasure
A pleasure that'll take my mind
Off the reality of my life
My past life, life as I know it now
And whatever may come
It slowly disappears
To somewhere in the back of my mind
It will remain there until I wish to retrieve it
Yes, I will stay here for a while
For I need the break, a break from the pressures of life
When everything that lays in the palm of life's hands
Life's hands
This moment's incredible, it's out of this world
Too bad, I must always leave it
That's life, that's life, that's life, that's life
Yes yes yes yes oh, yes
