All We Wanna Do

Mainstreet

Owen:
We wachten op het weekend
Counting the days, that's how we do
Maakt niet uit wie wie kent
That's the game, let's all get looseNils:
De week is haast voorbij
Let's celebrate our lives
Yeah we're gonna hit the town tonightAll we wanna do is live fast and get wild, yeah pull shapes
So raise our hands up
All we wanna do is sing loud and light up the night sky
Yeah everyone stand up
All we wanna do is go crazy
Yeah yeah crazy
All we wanna do is freak out and turn up the music so loud
They can't ignore us tonightDaan:
We kleden ons als rock stars on the run
Got nothing to prove
En we stoppen pas when we see the sun
Singing to the moonRein:
De week is haast voorbij
Let's celebrate our lives
Yeah we're gonna hit the town tonightAll we wanna do is live fast and get wild, yeah pull shapes
So raise our hands up
All we wanna do is sing loud and light up the night sky
Yeah everyone stand up
All we wanna do is go crazy
