Adrenaline

RuPaul

And to the ones I love
Know that you're the reason why
I dare to live my life
I dare to liberate my mind
You're running through my veins
Make me come aliveI think about the world
Like a dream within a dream
Anything you want
Things are never what they seem
But the rush is worth the ride
Make me come aliveGive me one shot, one shot,
of adrenaline, adrenaline
One shot, one shot,
of adrenaline, adrenaline
Give me one shot, one shot,
of adrenaline, adrenaline
One shot, one shot,
of adrenalineCan I get it to go?Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?And to the ones I love
Know that you're the reason why
I dare to live my life
I dare to liberate my mind
You're running through my veins
Make me come aliveThink about, think about the world you're in
Like a dream, like a dream you're living in
Anything, anything you want you'll find
But it's never gonna be what's on your mind
But the rush, but the rush is worth the ride
Make me come aliveGive me one shot, one shot,
of adrenaline, adrenaline
One shot, one shot,
of adrenaline, adrenaline
Give me one shot, one shot,

of adrenaline, adrenaline
One shot, one shot,
of adrenalineCan I get it to go?Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?Give me one shot, one shot,
of adrenaline, adrenaline
One shot, one shot,
of adrenaline, adrenaline
Give me one shot, one shot,
of adrenaline
Adrenaline
Adrenaline
Adrenaline
Adrenaline, drenaline, drenaline, drenaline
Can I get it to go?Can I get it to go?Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
Can I get, can I get it to go?
