## The xx

Just your love  
Just your shadow  
Just your voice  
And my soul  
Just your love  
Just your shadow  
Just your voice  
And my soul  
Just your lips My name on your lips  
You're wearing my lungs  
Drowned in oxygen  
Now you've set the scene  
High on intimacy  
Drawing me a bath Ooh  
I don't wanna know the way down  
Ooh  
I don't wanna know the way down Just your love  
I just want it all  
Just your shadow  
Just your voice  
I just want it all  
And my soul  
In my head, in my veins  
In the way you give and take  
In the way that you weigh  
On my body, on my brain Chemistry is rare in a three time affair  
There's no guarantees  
Working through the seasons, pressed up against the ceiling  
Pushing down on me Ooh  
I don't wanna know the way down  
Ooh  
I don't wanna know the way down Just your love  
I just want it all  
Just your shadow  
Just your voice  
I just want it all  
And my soul  
In my head, in my veins  
In the way you give and take

In the way that you weigh  
On my body, on my brain  
Just your neck  
Just your eyes  
Just your desire  
Just your love and my soul  
Just your love  
Just your shadow  
Just your voice  
And my soul  
Just your love  
Just your shadow  
Just your voice  
And my soul  
I don't wanna know the way down
