Jolie

Transylvanian Gypsy Kings

Well I left Louisiana
Lookin' for some higher ground
Trying to make my crazy dream come trueBut six months in Atlanta
Done turned my heart around
But tell me you still want me too
Let me come back home to youNow please Jolie
Put me under your spell again
Won't you make me feel well again?
Take me out of this hell I'm inOh please Jolie
This time I'm gonna treat you right
All I want to do is hold you tight
Believe me I've seen the light JolieThat day I left you cryin'
On the shores of Ponchartrain
I left the only dream I'll ever needBaby I ain't lying
I can't put out this flame
I'm gonna get down on my knees
Meet me down in New OrleansPlease Jolie
Put me under your spell again
Won't you make me feel well again?
Take me out of this hell I'm inOh please Jolie
This time I'm gonna treat you right
All I want to do is hold you tight
Believe me I've seen the light JolieOh please Jolie
You put me under your spell again
Won't you make me feel well again?
Take me out of this hell I'm inOh please Jolie
This time I'm gonna treat you right
All I want to do is hold you tight
Believe me I've seen the light JolieTell your momma tell your daddy too
Tell 'em that I'm comin' home for you
I gotta ring for your pretty little hand now
Gonna be your ever lovin' manTell your momma tell your daddy too
Tell 'em that I'm comin' home for you
I gotta ring for your pretty little hand now
Gonna be your ever lovin' man now
