Let me know

DJ Kappa

1st V - Lloyd
Look at miss lady over there
Dancing on the speaker
Never seen a body like that
I couldnt help but to stare at her
I never seen an *** so phat
And the way that she move is drawing me closer
Like gravity just taking me over
Check my jeans and my shoes before i approched her
Excuse me but i gotta know
CHORUS
Can i take you for a ride let me show you around
In the south side let me show you how i hang out
LET ME KNOW , JUST LET ME KNOW
From L.A to the A ima show you round
We can chill for a minute then its back to the lob
LET ME KNOW , JUST LET ME KNOW
