Who Do You Love

Keith Allison

Here we are
You tell me I'm the only one
Who makes you feel love again
There you go
I see you watching him
When you don't think I know
Should I let you go?
So who's it gonna be
Is it him or me?
Chorus
Who do you love?
Who do you need?
You're messing up my mind
Wastin' all my time
Who do you love?
What do you feel?
Stop playin with my heart
You're tearin me apart

Am I the one
who can make you fly up above
Is it me who can take you higher
than you're dreaming of
Now who do you love?
Who do you love?
Turn around
Do you really think you could
You'll play me like a fool
For you
Then I realize
When you touch me it's like nothing I have known
Could I let you go
So who's it gonna be
Is it him or me?
Chorus x2
