Back Where I Started

The Derek Trucks Band

Dancing backwards wound up in another place and time
No way of knowing where I was headed to
Maybe I was running away like always
Sure wasn't ready for something new
How did I wander back where I started?
I'm so glad I found you there
Time was wasting away like water through my hands
And blood was dripping from my stone
Caught up in the motion, motion that is every man
Spinning out of control
How did I wander back to where I started?
I'm so glad I found you there
Yes, I'm so glad I found you there
Seems like I've known you for a thousand years
Seems like I've watched you grow from a child
It's hard to remember the first time I saw your face
With the moonlight in your smile
How did I wander back where I started?
And I'm so glad I found you there
I'm so glad I found you there
Oh, I'm so glad I found you there
And I'm so glad I found you there
