

Here You Gun (Episode 1)

Diem

I'm a criminal I'll get them all for you
Khol on my eyes, roll out 'em knives
Despicable I swear I'll get my due
Hold on my rhymes, slaughter and crimes
Send 'em up in the sky
Sorry, they took the wrong flight
Bubble gum in my mouth
Double gun and my Stout
Kill bill, ill thrill, it's about to go down
They were bad, they were mean
Now I'm back on the scene
Shoot 'em shoot 'em Shoot shoot bang bang
I got a massacre in my pocket bout to pull it out
Shoot shoot bang bang
I got a mess of blood in my closet bout to pull it out I bring the gunplay in a masquerade
I throw the ricochets on the runway
They think they dominate but I escalate and I detonate
Pow pow pow pow Here you gun gun gun, raise it up yeah
Here you gun gun gun, raise it up yeah
Raise it high your pride oh
Raise it high your pride oh I got one and only purpose I avenge
I got one and only justice in my hands
Exterminate all the bandits, eliminate in a vengeance
Decimate like a dragon, I eradicate in a sentence,
They stole, they killed, they bruised you forever
They fold, they will be ruined by my aura
I'm on my position, steady for my mission
M1911 ready for ignition Shoot shoot bang bang
I got a massacre in my pocket bout to pull it out
Shoot shoot bang bang
I got a mess of blood in my closet bout to pull it out I bring the gunplay in a masquerade
I throw the ricochets on the runway
They think they dominate but I escalate and I detonate
Pow pow pow pow Notre PÃre qui es aux cieux
You reap what you sow
Que ton nom soit sanctifiÃ©
Black sheep and no shepherd
Que ton rÃgne vienne
You give what you owe

Que ta volonté soit faite
Sur la terre comme au ciel
Pardonne-nous nos offenses
Comme je ne pardonne jamais
Here you gun gun gun raise it up yeah oh
Here you gun gun gun raise it up yeah oh
Raise it, raise it, raise it, raise it
Raise it, raise it, here you gun gun high
Here you gun gun gun, raise it up yeah
Raise it high your pride oh
Raise it high your pride oh x2
