Brandon

JPNSGRLS

Brandon wants to cut her hair but she's scared
She really likes the girl in the black. They cut themselves on blades of grass.She Won't call you names you won't have to be afraid honey She won't call you names you won't have to be afraid at all
She's such an outdoorsman she kissed her out of boredom and left her outta sorts when she took it with a grain of salt.'Cause Brandon really understands just what it means to be a man
Oh I think she really understands just what it means to be a manShe Won't call you names you won't have to be afraid honey She won't call you names you won't have to be afraid at all
So find the one you love and tell them that you do and try to be yourself I know that that's confusing.When everybody picks a side... like divorce
And I finally saw the blue in your eyes... At the morgue.
