Stranger In My Mirror

Randy Travis

There's a stranger in my mirror
Who don't know how to behave
He keeps grinnin' 'bout you and whistilin' tunes
While he ought to be watchin' me shaveWe move alike and we look the same
But I swear we've got totally different brains
And the love we're in with you just makes it clear
He used to be my twin, now there's a stranger in my mirrorAnd he doesn't want to go out drinkin'
With all of his friends no more
He's got both of us thinkin'
You're what we're livin' forWe've gone crazy and we can't recover
You're always on one mind or the other
I admit we should be certified
He's a little schizophrenic and so am IThere's a stranger in my mirror
Who don't know how to behave
He keeps grinnin' 'bout you and whistilin' tunes
While he ought to be watchin' me shaveWe move alike and we look the same
But I swear we've got totally different brains
And the love we're in with you just makes it clear
He used to be my twin, now there's a stranger in my mirrorAnd he's always doin' little things
I never thought I'd do
Like lookin' at diamond rings
Drawin' hearts and writin' I love youThought it was just a case of mild affection
Until I caught a glimpse of my reflection
I looked up into my own eyes and saw
Someone startin' back I didn't recognizeThere's a stranger in my mirror
Who don't know how to behave
He keeps grinnin' 'bout you and whistilin' tunes
While he ought to be watchin' me shaveWe move alike and we look the same
But I swear we've got totally different brains
And the love we're in with you just makes it clear
He used to be my twin, now there's a stranger in my mirrorLord, I'm in love with you
And there's a stranger in my mirror
