If Only

Circ

If only I was taller
If I had a million dollars
Maybe then you'd be with me
If only I was eighteen
And had the courage of the A-team
Maybe then you'd be with me
But for now I'll have to dream
About your smile 'cause you're
Not here and all I want to say is
That I really miss you
If I could surf a little better
If I had Sumner's sweater
Maybe then you'd be with me
If only I had more time
If I had Mike Ness' hairline
Then you wanna be with me
But for now I'll have to dream
About your smile 'cause you're
Not here and all I want to say
Is that I really miss you
If only you weren't so fine
If only I wasn't so blind
I'd find a way to make you stay
Then maybe I'd see you
If I woke up with all these things
Would it even change your feelings
None of that is even me
But for now I'll have to wait
Another week to see your face
And all I want to say is
That I really miss you
